PLANNING YOUR *Bar Checklist*

☐

First, make sure your Venue is an open to outside vendors.

☐

Does the venue have a bar; will you have to rent a bar from the venue, or an outside rental vendor?

☐

How many bars are you looking to have?

☐

Decide on whether you want to supply the Product, Mixers & Garnishes, or if you want the Bar Service to. *(All inclusive bars include everything, or are you looking for only Bartending services & Materials?)*

☐

Decide on what type of bar service you want: For example, do you want a Beer & Wine Bar with Signature Cocktails, or would you rather have a Full Bar?

☐

Will you want to rent glassware, or have the bar service provide disposable glassware?

☐

Are there any other specialty services you are looking to have, from the bar service, at your event? *(For example: Signature Cocktails, Party Favors, Bridesmaid services, Champagne toast, Cocktail Servers, Hydration Station)*

☐

Nail down the times of your event from start to finish, keep in mind most venues require the bar service to end 30 minutes prior to close time.

☐

Be sure to have a budget that is reasonable for the services you are looking for.
