PLANNING YOUR *Bar Checklist*

First, make sure your Venue is an open to outside vendors.

Does the venue have a bar; will you have to rent a bar from the venue, or an outside rental vendor?

How many bars are you looking to have?

Decide on whether you want to supply the Product, Mixers & Garnishes, or if you want the Bar Service to. *(All inclusive bars include everything, or are you looking for only Bartending services & Materials?)*

Decide on what type of bar service you want: For example, do you want a Beer & Wine Bar with Signature Cocktails, or would you rather have a Full Bar?

Will you want to rent glassware, or have the bar service provide disposable glassware?

Are there any other specialty services you are looking to have, from the bar service, at your event? *(For example: Signature Cocktails, Party Favors, Bridesmaid services, Champagne toast, Cocktail Servers, Hydration Station)*

Nail down the times of your event from start to finish, keep in mind most venues require the bar service to end 30 minutes prior to close time.

Be sure to have a budget that is reasonable for the services you are looking for.
